25C/77F water for
Cold brew (5-12mins)

<95C/203F water for
Hot brew (30s)

4 settings to tailor
For personal taste

Introducing the FOSA VC10004 **Turtle with Timer**, a versatile vacuum pump designed to enhance your coffee brewing experience and optimize food storage. This innovative device offers four distinct functions to cater to your taste preferences:

1. Mild Cold Brew (**Orange Light**): For a subtle flavor, the orange light blinks during a 5-minute countdown, allowing coffee grounds to steep in room-temperature water before initiating vacuum extraction.
2. Balanced Flavor (**Green Light**): The green light indicates an 8-minute setting, delivering a harmonious balance of taste.
3. Robust Flavor (**Blue Light**): For a stronger brew, the blue light corresponds to a 12-minute cycle, extracting bold flavors.
4. Manual Vacuum (White Light): By pressing the button for 1.5 seconds, the white light activates immediate vacuum pumping, enabling you to control the steeping duration and extraction process manually.

brew your own taste in minutes

Introducing **VacBrew**, the ultimate solution for coffee enthusiasts seeking both speed and flavor. This innovative coffee maker utilizes advanced vacuum technology to deliver rich, full-bodied hot and cold brew coffee in just minutes.

Dual Brewing Capability:

VacBrew now offers the versatility to brew both hot and cold coffee, thanks to its enhanced chamber made from durable TRITAN material, capable of withstanding high temperatures.

Rapid Cold Brew:

Say goodbye to lengthy brewing times. VacBrew's patented TURTLE vacuum technology accelerates the extraction process, delivering smooth and flavorful cold brew coffee swiftly.

User-Friendly Design:

Engineered for simplicity, VacBrew is easy to use and clean, making it an ideal companion for home, office, or on-the-go brewing.

Portable and Durable:

Its compact design and robust construction ensure that you can enjoy your favorite coffee anywhere, anytime.

Experience the future of coffee brewing with VacBrew—a perfect blend of innovation and convenience, tailored for those who refuse to compromise on taste or time.

Elevate your coffee-making experience with the FOSA VC50000 **Coffee Rituals Set**, designed to bring a sense of ceremony and mindfulness to your daily brew. This thoughtfully curated set includes two UV-block canisters, perfect for storing coffee beans or freshly ground coffee powder, one stainless steel travel mug, and a beautifully crafted wooden serving tray.

The UV-block canisters ensure that your coffee stays fresh and aromatic, preserving its original flavor profile by protecting it from harmful light exposure. Each canister is an invitation to explore and enjoy different coffee beans, allowing you to curate your own unique tasting journey.

The stainless steel mug adds convenience and elegance, making it easy to savor your favorite brew whether you're at home or on the go.

Paired with the wooden serving tray, this set transforms your coffee-making routine into a ritual of appreciation—perfect for slow mornings, gatherings with friends and family, or moments of solitude.

More than just coffee accessories, the VC50000 **Coffee Rituals Set** invites you to embrace the art of coffee, celebrating the flavors, aromas, and stories behind every cup. It's not just a set—it's a companion for creating your personal coffee rituals, one sip at a time.

Preserve Freshness and Aroma with the **UV-Block Vacuum Canister Set!!**

For true coffee lovers, freshness is everything.

Our **UV-Block Vacuum Canister** 2pc Set, designed to complement the VacBrew range, ensures your coffee beans and ground coffee stay as fresh as the day you bought them.

Equipped with our advanced vacuum technology, these canisters use the same convenient Vacuum Turtle to remove air and moisture, locking in rich aromas and preserving flavor.

The UV-block design shields your coffee from harmful light, preventing deterioration and extending its shelf life.

Perfect for storing different varieties of beans or ground coffee, this set allows you to confidently explore and enjoy a wider range of flavors.

Whether you're brewing for yourself or hosting friends, you'll always have the freshest coffee at your fingertips. Coffee lovers can now relax, store more, and savor every sip!
